

Models of Consumption Sites

SCS

Supervised Consumption Service

- Medical/clinical model
- Lengthy application
- Detailed policies required
- Staff often includes nurses
- Frequent reporting

UPHNS

Urgent Public Health Need Site

- Meant to be temporary
- Short application
- Less detail required than SCS
- Staff often include PWLE
- Often a stepping stone

OPS

Overdose Prevention Site

- Provincial model in British Columbia
- Less clinical, often led by PWLE
- Provides funding

CTS

Consumption and Treatment Service

- Provincial model in Ontario
- Requires extensive community consultation
- Provides funding but capped

"Nothing about us without us"
